EDUCATION

Alpha College

Alevels : Chemistry, Computer Science, Physics, Mathematics

Karachi, Pakistan

Aug. 2025 – Present

Dawood Public School

O levels in Pre -Engineering

Grades : 4A* 5A

Karachi, Pakistan

Aug. 2012 – Aug.2023

Experience

Software Engineering Practicum Intern

ThinkNeuro

June 2026 – Present

USA, Remote

- Developed practical software engineering skills through hands-on projects, learning **Git/GitHub, version control, debugging, and real-world development workflows** while collaborating in a technical environment.
- Built a personal portfolio website and strengthened professional readiness by applying software development practices, project documentation, and industry preparation skills for freelance and engineering opportunities.

Operations & Technology Assistant

EQ- Remote

Mar. 2026 – Present

Karachi, Pakistan

- Managed digital workflows and operational processes using **Excel, Google Workspace, CRM platforms, and productivity tools**, improving organization and efficiency across client tasks.
- Automated repetitive administrative processes using advanced Excel functions including **VLOOKUP/XLOOKUP, Pivot Tables, and formulas**, reducing manual workload.
- Maintained and analyzed data records while ensuring accuracy across **500+ entries, reports, and operational documents**.
- Collaborated with remote teams across different time zones, strengthening communication, problem-solving, and technology-driven workflow management.

Research & Technical Projects

Independent Research Project | AI & Machine Learning in University Admissions

May 2025 – Aug.2025

- Conducted research with peers on using **AI and Machine Learning-based recommendation systems** to reduce university application misalignment.
- Analyzed recommendation algorithms and developed research findings through academic writing and collaboration..

Leadership & Activities
